DETAILED ACTION

Allowable Subject Matter

1. Claims 1-4,7-10 and 18-19 are allowed.

Independent claims 1 and 18 have been amended to overcome the prior arts. The closest prior arts, Tegler (US 6,606,481 B1) and Yost et al. (US 6,567,796 B1) either singularly or in combination, fail to disclose, teach or suggest that the ability to find data information in a broadcast channel is determined based on complementary information received by a second receiver and storing user preferences and deciding whether said second signal should be received in dependence on said stored user preferences, as combined with other limitation(s) in claims 1 and 18 as argued by Applicants.

Claims 2-4 and 7-10 depend on claim 1. Therefore, they are allowed.

Claim 19 depends on claim 18. Therefore, they are allowed.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
